Art Halvorson supports a congressional budget that would enforce painful cuts on Senior Citizens.

Art Halvorson strongly supported a budget that would have cut over \$660 billion from Medicare and increased costs for doctor visits. The budget Halvorson supports also would have implemented chained CPI, which would cut Social Security spending by over \$120 billion and increase taxes by over \$120 billion. Art Halvorson attacks Congressman Shuster for his commitment to helping Volunteer Fire Companies obtain grant funding.

Halvorson Tweet

8/8/13 @ArtHalvorson Bill Shuster gives away another fire truck in Fulton County in a desperate bid to hold onto power. This isn't the way it's supposed to work

Halvorson Statement

Well I think fundamentally that he (Bill Shuster) does like it because that's all he's know his whole life is political life and his dad liked it and if you go back to 72 when his dad first went in that's when the budget, the national debt began to climb above the revenue receipts from taxes and its of course gotten bigger and bigger at an increasing rate.

It started 40 years ago when you had the Robert Byrds the Jack Murthas the Bud Shusters beginning to operate under this mentality that you go to Washington and we spend money and if we don't have enough we borrow it and we buy roads and we buy fire trucks and we buy votes back in our district and that's really where the origin of this is. -*Art Halvorson Chambersburg Meet and Greet 12/14/13*
